

## Game Booths

This year's game booth village will have 14 unique booths for children (and adults) of all ages! Each grade level provides support and volunteers for the different game booths (as listed below). Children receive a prize or tickets from each game booth, and the booths are set-up for a range of ages for everyone to enjoy! The tickets can be turned in for prizes throughout the weekend in the Kids' Zone prize booth. This year the prize booth will be reconfigured with new prizes and new prize levels, so be sure to check it out!

**Duck Pond:** Children will choose duck(s) and receive the number of tickets on the bottom of the duck. (Childcare Center)

**Wishing Well:** Children will wish for a certain item and hopefully pull that item up from the bottom of the well. (Pre-K)

**Feed the Lion/Lollipop Tree:** Children will reach into the mouth of the lion and pull out a ball. They will receive the number of tickets on the ball. Children will pull a lollipop from the tree and receive tickets based on the color of the dot on the bottom. (K)

**Tic-Tac-Toe:** Children will throw bean bags onto a tic-tac-toe board and receive tickets based on the position of the bean bags. (1st Grade)

**Coke Ring Toss:** Children will throw rings towards a group of Cokes in hopes of getting a ring around the neck of one of the bottles. They will receive that bottle of Coke as their prize. (2nd Grade)

**Hole-In-One:** Children will putt a golf ball toward the hole in hopes of getting it in on the first try. (3rd Grade)

**Wheel of Fortune:** Children will place a chip on the number board and hope the volunteer lands on that number when he/she spins the number wheel. (4th Grade)

**Baseball Jug Throw:** Children will receive several throws to try and knock down as many milk jugs as possible. Tickets will be rewarded for milk jugs knocked down. (5th Grade)

**Blinko:** Children will drop balls down the Blinko board. Whichever slot the ball lands in, the child receives that number of tickets. (6th Grade)

**Basketball:** Children will receive several turns to try and make a basket. Tickets will be rewarded for shots made. (7th Grade)

**Jail:** Children can pay to put their friends in jail for a maximum of 20 minutes. The volunteer becomes the jailer who is in charge of keeping the "prisoners" in jail for the time paid. (8th Grade)

**Football Toss:** Children will receive several turns to try and throw a football through the center of the tire. Tickets will be rewarded for throws made through the tire. (Youth Group)

**Sand Art:** Children will be able to pour different colors of sand into a bottle to create a work of art!

**Paintball:** Children will get several shots to shoot items off of a shelf. Tickets will be rewarded for items knocked off.

**Dunk Tank:** Try your game at dunking teachers, some local stars and maybe even the Priests!
